Letter of Intent: Application for Academic Partnership in the 7th Call of the Austrian Partnership Programme in Higher Education and Research for Development (APPEAR)

Dear Sir / Madam,

Our institution the Mazandaran University of Medical Sciences, Iran, herewith confirms the participation in the joint project “Set up of research-based educational curricula in the field of environmental pollution and pathogen research in Armenian Higher Education Institutions” coordinated by Prof. Hovhannes Naghashyan at the Armenian National Agrarian University, Armenia.

We expect that the proposed project will make a significant contribution to the human and institutional capacity building. The project will help to set up state of the art curricula in HEIs of participating countries taught by high level, trained specialists which will raise employability of students after the university. As well as during the project we will investigate Lake Sevan revealing all kinds of risks to the environment, fish farming and human health.

We as an Associate partner organisation in the project will participate in the project and conduct the proposed activities as described in the application form. We will assist in preparing and providing the necessary information, documentation and legally binding signatures to the coordinator of the project to the extend as it is required in the guidelines of the APPEAR-Austrian Partnership Programme in Higher Education & Research for Development in relevance to this call. Our institution accepts Prof. Hovhannes Naghashyan as a coordinator of this project.

RE: Consortium Agreement: Austrian Partnership Programme in Higher Education and Research for Development-APPEAR-Academic Partnership Programme

Dear Sir / Madam,

We hereby express our firm intent to participate as Associate partner organization in the proposed project "Set up of research-based educational curricula in the field of environmental pollution and pathogen research in Armenian Higher Education Institutions" that will be coordinated by Prof. Hovhannes Naghashyan at the Armenian National Agrarian University, Armenia.

	Responsible Project coordinator
Name	Prof. Hovhannes Naghashyan
Position	Head of Chair of Epidemiology and Parasitology, Armenian National Agrarian University, Armenia
Contact	+ 374 93 372560
e-mail	naghov@rambler.ru

With this **Consortium Agreement** we agree and assure that:

- We are not participating in a competing consortium within the same action line and eligible country in the Austrian Partnership Programme in Higher Education and Research for Development.
- The Project-Coordinator is authorized to submit the proposal on our behalf and we, as member of the consortium, will support all her/his necessary activities for successful proposal preparation.

We expect that the proposed project undertaken by the consortium will make a significant contribution to strengthening scientific cooperation between the partners. Additionally, the project will help to set up state of the art curricula in HEIs of participating countries taught by high level, trained specialists which will raise employability of students after the university. As well as during the project Lake Sevan will be investigated revealing all kinds of risks to the environment, fish farming and human health. It will also contribute considerably to achieve the policy objectives of APPEAR-Austrian Partnership Programme in Higher Education & Research for Development in relevance to this call.
